

Notes

Boundary Wall
Existing coping to be removed and replaced with dark stone coping. South wall to be brought down to same height as other walls (approx 130cm) Brickwork to be made good. Reinforce SW corner. Add (45cm) trellis.

Retaining walls
Old brick to match boundary wall. Dark stone coping.

Surfaces
The paved areas are to be in dark stone. The main path is resin-bonded gravel. The children's play area is bark chipped.

Conservatory
To be added to kitchen as per plan, floor level as per kitchen. Aluminium and/or steel construction on dwarf wall to floor height.

Levels
Soil level to be lowered adjacent to house to give drop of 42cm from level of kitchen floor. Remainder to be levelled at kitchen floor level except SW corner where a low mound is to be formed (see plan and section).

Drains Rodding points relocated to allow for drop in level and construction of conservatory.

Sculpture
There are a number of sculptural elements in the garden: a stone water bowl on a plinth, a stone sphere sitting in a matching shallow bowl, a group of four geometric pieces (matching the pyramid finials in shape) and a welded steel piece (from Marianna Klemmens)

Lighting
The sculptures are all spot-lit. The children's play area is lit by a small floodlight. The main (gravel) path has low-intensity lights embedded in the surface. The access path has two lights set in the adjacent walls. Additional lights may be mounted on the house or conservatory walls

Planting

Trees
Birches: Betula Pendula
Maple: Acer palmatum 'Atropurpureum'
Cherry: Prunus Avium
Ash: Sorbus aucuparia 'Beissueri' (mountain ash)

Climbers
Behind metal sculpture: Clematis viticella 'Etoile Violette'
Behind seating: Rosa 'Bleu Magenta'
SW corner: Hedera Helix
South wall: Parthenocissus Quinquefolia
On house: Lonicera

Herbs These are to be planted in the bed with the water bowl in front of the house
